

TECHNICAL DATA

Rated voltage	36 V
Battery type	Li-ion
Triaxial vibration value for hammer drilling into concrete (ah,HD)	13 m/s ²
A-weighted emission sound pressure level	91 dB (A)
Single impact energy	2.5 J
Rotation speed gear 1 under no load	1050 tours/minute
Full hammering frequency	5100 impacts/minute
Optimum drilling diameter range for hammer drill bits	6 - 16 mm
Weight according to EPTA Procedure 01/2003	3.7 kg
