POWER BROOM

TURF TEQ™ Power Rake is great for:

- Preparing seed beds and lawns
- Saving valuable time on those labor intensive jobs
- Maneuvering in those hard to reach areas
- Raking rocks and debris left or right
- Pulverizing and mixing soil
- Repairing and renovating lawns without damaging the healthy turf
- Low impact tires and caster wheels
- Safe and easy operation on any surface, even on steep inclines

Our company is comprised of an experienced and competent team with a successful history in engineering and product development that has achieved over 30 patents. The TURF TEQ™ product line was designed from the ground up to make the job of landscape and grounds professionals safer, easier, and more productive.

Hydrostatically Self-Propelled
to Increase Productivity
